

# Refractron Advanced Porous Ceramics

Waste Water Diffusers

## Benefits:

- Uniform distribution
- Low head loss, low energy consumption, low operating cost
- Environmentally safe
- Low cost of ownership
- Longevity – longer life than EPDM rubber membrane
- Cleanable
- Coarse bubble and fine bubble diffusion

Refractron is a US manufacturer of standard & custom size disc, dome and tubular diffusers.

Our diffusers handle aeration of aggressive, highly corrosive wastewater, delivering high oxygen transfer efficiency at low operating cost with low pressure drop.

Durable, reliable and clog-resistant, Refractron diffusers have low maintenance elements that typically last 20 or more years.
